Golden Municipal Airport CYGE

AIRCRAFT MOVEMENT STATISTICS

INTRODUCTION

The 2017 Golden Municipal Airport (CYGE) movements statistics have been compiled by East Kootenay Fuel Sales Ltd. of Golden. The aircraft statistics data has been gathered from voice activated radio recordings, the airport visitor logbook, and visual accounts.

The objective of this report is to document the usage of CYGE services as well as guest demands for services. The report will identify current flight activity and demonstrate trends of growth over time. The data will be significant when determining future development of CYGE.

GLOSSARY OF TERMS

Aircraft Movement

An aircraft take-off or landing at an airport

Aircraft Arrivals

Itinerant aircraft arriving at CYGE

Class of Operation

Aircraft movements classified as “Local” or “Itinerant”

Commercial Aircraft

Aircraft licensed to perform commercial air services. Commercial aircraft are for hire to transport passengers and/or cargo for compensation.

Itinerant Movement

Aircraft arriving from or departing to another location. Golden is not the base of operation for the aircraft.

Local Movement

Aircraft departing from and returning to CYGE. Golden is the base of operation for the aircraft.

Military Aircraft

Aircraft operated by any branch of the armed forces.

Private Aircraft

Aircraft used solely for private purposes. Owned by individuals and groups, these aircraft are not for hire.

State Aircraft

Aircraft owned by federal, provincial, and municipal bodies such as RCMP or Transport Canada.

AIRPORT AMBASSADOR REPORT

In 2017 the Town of Golden and East Kootenay Fuel Sales Ltd entered in to an agreement to provide ambassadorial services at CYGE. The role of the Airport Ambassador is to provide on-site assistance and information to airport users as well as respond to email and phone inquiries.

Phone inquiries were the primary form of information provided to airport users in 2017. Arriving aircraft requested local weather and runway condition reports. Callers also requested information about local accommodation, campgrounds, restaurants and transportation services.

Many pilots asked about parking and landing fees for aircraft. They were pleased to hear there are no user fees at CYGE. For many, this was a deciding factor in choosing Golden as a destination.

A considerable number of callers inquired about chartered flights from Golden to major airports. The requests for flights to and from Vancouver, Calgary, Edmonton and Kelowna were noteworthy as the request had not been received in previous years. Callers were disappointed flights were not available. They were referred to Calgary, Cranbrook and Revelstoke airports as an alternative.

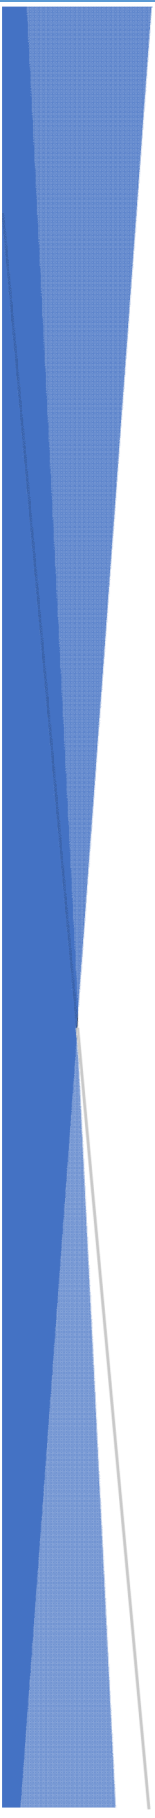

Another airport trend in 2017 was an increase in jet traffic. Fourteen private and business jets arrived at CYGE in 2017, significantly more than the five jets that arrived in 2016. The jets arrived from cities such as New York, San Francisco and Halifax. With an increase in jet traffic there was an increase in demand for information and services at the airport. The pilots of these aircraft required real time weather and runway reports allowing them to land in a variety of conditions. They also inquired about the availability of navigation aids, customs, aircraft de-icing, catering services, ground power and lavatory services. These types of services are not available at CYGE and does prevent many jet and turbo prop passenger aircraft from arriving.

On site at the airport in 2017, assistance was provided in directing aircraft to short and long-term parking. Ground transportation was also arranged for arriving passengers. Passengers arriving at CYGE had questions about accommodation, dining and transportation. Many referrals were provided to local businesses.

CYGE welcomed over 675 aircraft and thousands of visitors to Golden from around the world in 2017. During the summer months the airport played a major role in supporting forest fire fighting for both BC Forest Service and Parks Canada. There were 26 medevac patient transfers and over 30 Search and Rescue missions flown from the airport in 2017. If current trends continue, we can expect to see increased activity at CYGE in the years to come.
