Golden Municipal Airport CYGE

AIRCRAFT MOVEMENT STATISTICS

INTRODUCTION

The 2018 Golden Municipal Airport (CYGE) movements statistics have been compiled by East Kootenay Fuel Sales Ltd. of Golden. The aircraft statistics data has been gathered from voice activated radio recordings, the airport visitor logbook, and visual accounts.

The objective of this report is to document the usage of CYGE services as well as guest demands for services. The report will identify current flight activity and demonstrate trends of growth over time. The data will be significant when determining future development of CYGE.

GLOSSARY OF TERMS

Aircraft Movement

An aircraft take-off or landing at an airport

Aircraft Arrivals

Itinerant aircraft arriving at CYGE

Class of Operation

Aircraft movements classified as “Local” or “Itinerant”

Commercial Aircraft

Aircraft licensed to perform commercial air services. Commercial aircraft are for hire to transport passengers and/or cargo for compensation.

Itinerant Movement

Aircraft arriving from or departing to another location. Golden is not the base of operation for the aircraft.

Local Movement

Aircraft departing from and returning to CYGE. Golden is the base of operation for the aircraft.

Military Aircraft

Aircraft operated by any branch of the armed forces.

Private Aircraft

Aircraft used solely for private purposes. Owned by individuals and groups, these aircraft are not for hire.

State Aircraft

Aircraft owned by federal, provincial, and municipal bodies such as RCMP or Transport Canada.

AIRPORT AMBASSADOR REPORT

In 2018 the Golden Municipal Airport (CYGE) supported flights 354 days of the calendar year resulting in 5647 aircraft movements. This is a 10% increase in aircraft movements compared to 2017.

During the winter months between January and May, local helicopter operators based out of CYGE provided transportation for backcountry recreation industries such as heliskiing, cat skiing and ski touring. Hundreds of passengers moved to and from Golden's airport each week to their backcountry lodge destinations.

In the early summer of 2018 a division of the Royal Canadian Airforce selected the Golden area as a location to hold mountain training operations for two weeks. Two CH-146 Griffon military helicopters and ground troops performed mountain training exercises utilizing CYGE as a hub for the activities.

Visiting recreational air traffic and skydiving contributed to higher numbers of aircraft movements in July. The airport also welcomed a new helicopter operator at CYGE. The airport averaged over 30 movements per day in July and August.

The forest fires in August of 2018 caused smoky skies and decreased airplane movements. Helicopter movements increased significantly, most of these movements involved in fire suppression. CYGE served as a critical location for up to six helicopters to base their operations during several weeks of fire fighting efforts.

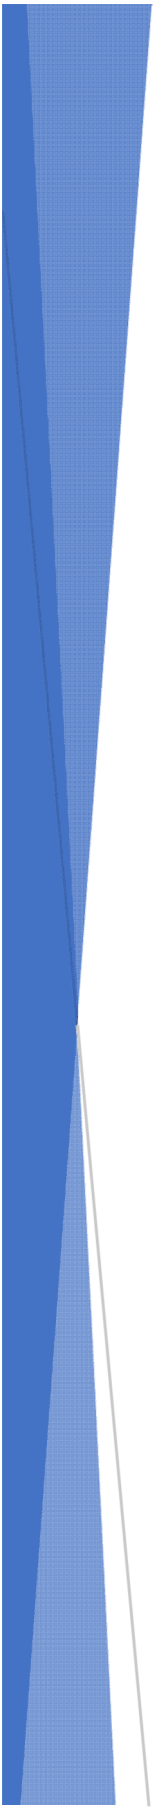

Due to the limitations of the current landing pad at Golden and District Hospital the Golden airport plays a fundamental role as a transfer location of inbound patients arriving via Golden and District Search and Rescue and BC Air Ambulance. In addition to the local emergency flights there were 30 BC Air Ambulance medevac flights sent from CYGE to regional hospitals during 2018. Patients as well as medical personnel rely heavily on the available services at the airport.

The Airport Ambassador provides ongoing phone response and on-site service at CYGE. In 2018 over 100 callers and countless airport users requested information about charter flights, flight tours, transfer flights to major centers such as Calgary, Vancouver and Edmonton airports, ground transportation, local accommodation, long term aircraft parking options (availability and pricing) as well as other available airport services. These contacts were all consistent with the requests that occurred in 2017. In addition to the recurrent requests there were inquiries from two airplane charter companies examining opportunities to commence charter service to CYGE from major centers in Alberta.

Flight activity continues to increase year after year at CYGE. Upcoming years of airport usage data collection will further inform the importance of CYGE's role in Golden and area.
