1. Background

The Golden and District Recreation Complex (Golden Arena) is a single sheet ice pad with various dressing rooms and other multi-purpose spaces.

Within the main lobby is a smaller concession space, that serves as a basic kitchen space designed to serve as a concession space. The operations of this space are generally managed by the junior hockey society who open the space for home games and other special events withing the facility.

Over the years, numerous smaller changes have been made to the space and all the mechanical equipment such as the range hood and sinks are in good working order.

Based on requests from the operators of the space, the Columbia Shuswap Regional District and the Town have Golden have established a budget and design package for some modernization and upgrades in the space.

The Town of Golden is seeking proposals from qualified contractors who can provide a work plan to complete all the elements outlined in the attached tender package.

The timeline for substantial completion is based on contractor availability and timing associated with existing facility bookings. The preferred completion date is prior to the end of 2025, however, exceptions will be considered with a completion date of July 3rd 2026.

Jordan Petrovics, Director of Recreation Services with the Town of Golden, is the staff lead for this project. jordan.petrovics@golden.ca 250-344-0665

2. Purpose of the RFQ

The purpose of this RFQ is to solicit quotations from qualified contractors for the works described herein. The Town intends to select and retain one General Contractor as a result of this RFQ.

3. RFQ Requirements

Proposals shall include a brief schedule and bid price based on the renderings attached to this package.

Note that the Contractor submitting the Proposal shall assume the responsibilities of the Prime Contractor and, therefore, be responsible for coordinating overall site safety and the safety of any associated sub-contractors.

As a part of this RFQ process, the successful proponent will be expected to work with Town of Golden on the logistics and scheduling to ensure work is completed with minimal impact on existing programming and rentals in the facility.

4. RFP Evaluations

Proposals will be evaluated by cost as well as contractor experience with similar-scope projects.

Proposals are to include reference contact information for a minimum of three (3) similar scope construction projects, including project values, completed within the last five (5) years.

The lowest-priced or any proposal may not necessarily be accepted.

As this project is focused on serving our sports community, a proposal review and scoring committee will be formed Town of Golden staff. This committee will review the shortlisted proposals and inform Council of the desired project contractor.

Scoring Matrix Criteria:

- Proposed Budget
 - 50 / 100
- Completed Projects of Similar Complexity, Scale and Scope
 - 20 / 100
- Project Schedule and Construction Sequencing
 - 10 / 100
- Attendance at a pre-bid tour
 - 5 / 100
- Use of Local Forces
 - 10 / 100
- Value Added
 - 5 / 100

After the committee has reviewed packages, if a proposal is to be recommended, a report will be taken to Council for approval to award, after which the successful Contractor will be given formal notice of award. The successful Bidder will be required to provide the Town with the following documentation within ten (10) calendar days of receipt of the Notice of Award:

- WCB clearance letters for the General Contractor and named sub-contractors;
- Certificate of insurance, minimum \$5,000,000 CGL, naming the Town of Golden as additional insured;
- Proof of valid Town business licenses for the General Contractor and named sub-contractors;
- Construction schedule;
- Company safety plan for the work being undertaken.

5. General Conditions and Specifications

Refer to the attached conceptual documents.

The Town in no way whatsoever represents warrants or guarantees that such data is complete, relevant, suitable, representative or indicative of anticipated or actual conditions. Proponents remain solely responsible for independently investigating and satisfying themselves of actual site conditions.

6. General Notations

During the term of the contract, any damage caused by the Contractor or subordinates to the property, including but not limited to buildings, the property surrounding the buildings, equipment, surface fixtures, or private vehicles, will be the responsibility of the Contractor. Every effort must be made to mitigate damage to areas surrounding the immediate work sites.

The contract shall be subject to cancellation with written notice should the owner deem the Service unsatisfactory for any reason.

7. Quotation

Quotation for the individual work items is to be a lump sum bid price for the work noted as mandatory.

Upon completion of the work, payment will be made by the Town within 30 days of invoicing.

Proposed pricing for this project shall include the following:

- All necessary “Prime Contractor” project management roles and responsibilities, including general labour and specialized sub-trades labour scheduling, coordination, safety oversight and progress monitoring;
- all necessary site safety management of general workers, sub-trades workers, inspectors, visitors and all necessary site safety equipment;
- all work associated with the removal and disposal of any demolition materials to complete the construction project;
- supply and installation of all materials specified herein, including cost mark-up if applicable;
- supply and installation of all materials not otherwise specified herein or on the plans if applicable;
- all tools and equipment are necessary to complete the construction project.

All work will be subject to a warranty period of **one year** after the completion date.

The work is as identified in the attached Arena Concession Update drawings. Prospective general contractors are encouraged to view the place of work before submitting a proposal.

Prices shall be submitted within the following section only. Hourly rates for general labour and specialized sub-trade labour shall also be submitted within the following section only for the purposes of determining approximate values of any

proposed/required force account work. The lump-sum price and hourly labour rates shall be exclusive of applicable taxes. All proposed sub-trades intended to be used for the project are to be named in the Proposal.
